EVENING STAR.

We never could bring ourselves to think that a kiss between woman and woman amounted to much. Such labial concussion never had the right to ring us. There is nothing of the "linked sweetness long drawn out" about them. They lack the animus, the vim, the gout, the heart, which characterizes the genuine, old-fashioned kiss proper. Such a kiss, for instance, as may be supposed to have passed between the parties described in the following as

Practicing on the Whistle. "You have heard," said a youth to his sweetheart, who stood,
While he sat on a corn-sheaf at day-light's decline,
"You have heard of the Danish boy's whistie of

I wish that the Danish boy's whistle were mine." "And what would you do with it? Tell me," she While an arch smile played over her beautiful face; "I would blow it," he answered, "and then my fair Would fly to my side and here take her place."

"Is that all you wish for? That may be yours Without any magic," the fair maiden cried; "A favor so slight cen's good nature secures," And she playfully seated herself by his side. "I would blow it again," said the youth, "and the

Would work so that not even modesty's cheek Would be able to keep from my neek your fine arm!" She smiled, and she laid her fine arm round his neck.

"Yet once more would I blow, and the music divine Would bring me the third time an exquisite bliss; You would lay your fair cheek to this brown one of And your lips stealing past, would give me a

The maiden isughed out in her innocent glee—
"What a fool of yourself with the whistle you'd

For only consider how silly 'twould be
To sit there and whistle for—what you might

Love is a lively romance; marriage is flat

history. A married man has nothing further to expect; he must sit down quietly and wait for death. Prentice says that, and pretty talk it is for a married man. By-the by, a man who on marrying expects nothing further, must have queer

notions of the ordinary "responsibilities" of marriage. Some things-quite animated and vocal ones, too-are apt to appear, whether they are expected or not. Letters from the China Squadron report the health of the officers and crews good. We extract a paragraph from one : " The Minnesota

AYER'S SARSAPARILLA. COMPOUND REMEDY, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparille, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparille is represented to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worstcases to be found of the following complaints: proven by experiment on many of the worst-cases to be found of the following complaints:
FCROFULA and SCROFULOUS COMPLAINTS, KRUPTION and EBUPTIVE DISKASKS, ULCKES, PIMPLES, BLOTCHES, TUMORS, SALT MERCURIAL DISKASK, DEOFSY, NEURALDIA OR TIC DOULOU-REUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, BOSK OR ST. ANTHONY'S PIRE, and indeed the whole class of

Rose or ST. ANTHONY'S PIRE, and indeed the whole class of complaints arising from lapperity of the Blood.

This compound will be found a great promoter of health, when taken in the Spring, to expel the foul humors which fester in the b ood at that reason of the year. By the timely expulsion of them many ranking disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare them selves from the endurance of foul eruptions and alcorous stree, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanee out the vitiated blood whenever you find its impurities bursting through the skin in pimp es, cruptions or acres; cleanee it when you find its obstructed and sluggish in the velus; cleanes it when you find its obstructed and sluggish in the velus; cleanes it when you find its foul, and your feetings will tell you when. when you find it is obstructed and sluggish in the velns; cleanse it wheneveo it is foul, and your feetings will tell you when. Even where no particular disorder is felt, people sujoy better health, and live louger, for cleaning the blood. Keep the blood healthy and all is well; but with this pabnium of life disordered, there can be no lasting health. Sconer or later something must go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egragi-ously deceived by preparations of it, aprily because the drug alone has not all t e virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sartrated extracts of it, contain but little of the virine of Sarsaparilla, or any thing else.

During late years the public have been mis'ed by large
bottles, pretending to give a quart of Extract of Sarsaparilla
for one dollar. Most of these have been frauds upon the
sl'k, for they not only contain little, if any, Sarsaparilla, but
often no curative 'properties whatever. Hence, bitter and
painful disappointment has followed the use of the various
extracts of Sarsaparilla which flood the market, until the
sama itself is instity displaced and has become avenue or Sarsaparilla, and intend to supply such a remedy as shall rectus the name from the load of obloquy which rests upon it. And we think we have ground for believing it has vir-

tues which are irresistible by the ordinary run of the disease it is intended to cure. It order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle. PREPARED BY DR. J. C. New York, Jen. 8, 1888.

Meesra. O. J. Wood & Co.—Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, lu common with a great many persona, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very astisfactory that I am very glad I did so, and in justice to you, as well as for the encourage ment of others who may be as gray as I was but who, having my prejudice without my reasons for setting it aside, are un willing to give your Restoratives trial till they have further proof, and the best proof being ocular demonstration. I write you this letter, which you may show to any such, and also direct them to me for Iurther proof, who am in and out of the N. Y. Wire Railing Retablishment every day.

My hair is now its natural color, and much improved in ap

My hair is now its natural color, and much improved in appearance every way, being glossier and thicker, and much more healthy looking.

I am, yours respectfully, Haunt Junum,
Oorner of Columbia and Carroll Sta., Brooklyn.

Corner of Columbia and Carroll Sta., Brooklyn.

Livingston, Ala., Peb. 14, 1868.

Page. Wood—Dear Str: Your Hair Resterative has done much good in this part of the country. My hair has been alightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks, and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy. You can publish this if you that way to use your remedy. You can publish this if you think proper. Yours, &c., S. W. MIDDLETON.

PRILADRIPHIA, Sept. 9, 1867.

PROF. WOOD—Dear Sir: Your Bair Restorative is proving itself highly beneficial to me. The front, and also the back part of my head almost lost its covering—was, in fect, salp. I have used but two half pint bottless of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit I have tried other preparations without any benefit what ever. I think from my own personal recommendation, I cap induce many others to try it. Yours, respectfully,

D. E. THOMAS, M. D., No. 666 Vine Street.

The Restorative is put up in bottles of three sizes viz : large, medium and small; the small holds 🔏 a pint, and retails for \$1 per bottle; the medium holds at least 20 per cent. more in proportion than the small, retails for \$2 per bottle; the large holds s
